A time of rest? No way!

What a wonderful time we had with our families in North Carolina and Tennessee. Amazing to see the changes in all the young people in our home church too, (but making us feel older). Then it's time to hit the road again with visiting supporting churches in NC, Louisiana, Texas, back to NC, Virginia and Ohio. Florida will be saved for cold weather! At least here we have good roads to travel on instead of our dirt roads of Zambia. We are trying to get into as many of our supporting churches as we can in order to report on the work the Lord has done in Zambia this last year and a half, and we are trying to yoke with new churches who have a true heart for missions. It would be good at this time to not have to worry about sup-

port, but after losing government subsidies in Zambia we lost approximately 20-25% of our income. We have heard so many voicing concern here about the

economy in the US, but we have to remind ourselves that this is not God's economy. He has proven Himself time and again, during times we thought there was no way to financially go any farther, that there is no bottom

to His pot of oil.

We continue to work on those things listed in the bullets at the left of the page, and have made great progress. We are staying in touch with the ministry thru Pastor Genada in Livingstone and are continuing to provide more materials from here. Both of us are working again on advancing our college degrees in order to further the work in Zambia. Please continue to pray for us for: traveling mercies, strength, new support, our aging vehicle, and wisdom when we head back to Zambia in May.

Satisfied in Him

Jack and Charlye Price

Your missionaries to Zambia Africa

Charlye's Corner

Return to school? Me? No, no, no! But yes, afraid so. In order to keep up with the restrictions being placed on our medical outreach by the government I am headed back to school for my Masters in Nursing. This will enable us to continue using the medical aspect of the ministry in

reaching into more areas of Zambia. The clinics have been a tremendous tool in teaching about the Great Physician who heals the sin-sick soul.

The sign language class at Libuyu continues in my absence. New teaching materials have been

shipped to Pastor Siachibaba who is overseeing the class. We have also been in touch with Silent Word Ministries and will be receiving more materials from them to ship. God continues to bless this sign class turned discipleship class in reaching the Deaf of Zambia for the Lord.
