# A SWEET SAVOR

JULY 2019

We finally have our plans for the ERBC Chilala after getting approval, then "lost" by Planning, but miraculously "found" after the Director threatened some with loss of their jobs. Jack, Brothers Godfrey and Chilawo have gone over them, made some changes, and talked with the Chief Engineer overseeing the building. So, it's time to "get 'er done!" as a good friend says!

These two men have been a Godsend! Brother Godfrey Kalaluka and Brother Chilawo Nyambe come to our home every week for Pastor's Training, and are dedicated to spreading the Word in Zambia. They have already helped fill in after our loss of Pastor Joseph, and the people love them! Please pray for them as they complete their training.

There's a song here entitled "Come and see what the Lord has done!" and it's the perfect one for this picture. This is the picture of the beginning of the church at Magoye with Pastor Alfred Siachababa. Up until now we have met in a school, but the Lord made K2000 available and we have purchased a plot for ERBC Magoye!
