These past two months have been chaotic to say the least. There was much unrest in the Country as Zambians went to the polls to elect their interim President after the death of President Sata. It became a time for those of us ministering here to remain more in our homes and make future ministry plans rather than being out in town or nearby villages. But God used the time for refreshing and direction. After Jack arrives in May we will be searching for our new home in the Mazabuka area. This has been our goal for several years now, and the doors are being opened to evangelize this area and begin a new

work. We are looking forward to this new challenge, and even while waiting on Jack I will be going to Mazabuka for forward scouting. We are beginning to pull together our team, and it is with this in mind that we want to introduce to you **Josphat Ndimba** (Kaminda to us).

Kaminda began working with us several years ago. He had taken classes at Brother Mario Genada's Bible Institute here in Livingstone. He is now

“studying to show himself approved unto God”, by studying with me in the evenings using Jack's Foundation Stones for Believers, and Chafer's Major Bible Themes. He is also learning to use flash cards for children's Bible stories as he feels he is being called to child and teen evangelism. For a 24 year old young man, his heart to serve the Lord is evident. He is constantly seeking those whom he can lead to the Lord. We are well pleased with him and know the Lord is also. Please pray for us as we begin this new endeavor later this year.

NEW MINISTRY OPPORTUNITIES

Kaminda is ready to hit the road with this new bike presented to him by our ministry. He was too ex-

cited to take the wrap off before insisting on having his picture made with it. This enables him to reach more compounds for children's ministries on Saturdays. At the same time he is working with the children, I will be gathering ladies for

a new Bible study class for them. I also am working on being able to minister to young abused girls, and in a home for the aged here. And in addition, I am taking classes to speak Nyanja (one of the major tribal languages). Pray for an enlarged territory!
